Special Land Use Permit Application

A special land use permit is a means by which the City Council gives special consideration, pursuant to a clear set of standards and criteria, to those types of uses which may or may not be compatible with uses and structures authorized by right within a particular zoning district. Special land use permits are required for uses that have operational characteristics and/or impacts that are significantly different from the zoning district's principal authorized uses and therefore require individual review pursuant to the standards and criteria set forth in the City's Zoning Ordinance. Special land use permit applications shall be authorized only for those uses specifically listed in the applicable zoning district regulations as permitted by special land use permit. An applicant desiring to apply for a special land use permit authorized within a district contained within the Zoning Ordinance shall file an application with the planning department. The City Council, following recommendation by the Planning Commission, shall determine whether the proposed use, in the particular location contemplated, meets the standards and criteria set forth in the Zoning Ordinance. Such uses may further require, and the City Council shall be authorized to impose, special conditions in order to assure their compatibility with surrounding uses and to minimize adverse impacts of the use on surrounding property.

The amendment process for the City of Brookhaven involves two public meetings:

The first meeting, a public hearing, is in front of the Planning Commission, where the item will be heard and a recommendation will be made that goes in front of the City Council. The Planning Commission meets the first Wednesday of each month at 7:00 P.M. at City Hall, located at 4362 Peachtree Road, Brookhaven, GA 30319.

Following the Planning Commission public hearing, the application will be heard in front of the City Council on the fourth Tuesday of the month for a final decision based on the applicant's submittal information, the report generated by city staff, and the non-binding recommendation from the Planning Commission.

To initiate a request for a Special Land Use Permit within the City of Brookhaven, an applicant must schedule and hold a pre-application meeting with the city Planning & Zoning staff. These meetings are scheduled as-needed and the purpose of the pre-application meeting is to establish an expectation on the part of both staff and the applicant regarding the process. The applicant shall provide preliminary/finalized site plans, a letter of intent regarding the request, and/or other illustrative documents as necessary at the time of the pre-application meeting. The applicant will then provide an overview of their proposed application and their reasoning for why the application is necessary. Staff can then inform the applicant of the City's process to affect the proposed change, and offer a preliminary analysis of the feasibility of the proposal, including ways upon which the proposal may need improvements or revisions.

Following the pre-application meeting, applicants can submit their application and required supplemental materials (detailed in the following checklist) by the deadline of the first Wednesday of each month online at:

<https://cityworks.brookhavenga.gov/ProjectPortal>

Public notification of the pending action is the responsibility of the City for all Public Hearings; however, all costs associated with the noticing is the responsibility of the applicant. In all cases, legal advertisements in the City's legal organ (currently The Champion Newspaper) shall be placed by the City no more than 45 days prior to the Mayor and City Council meeting, and not less than 15 days prior to the Planning Commission meeting.

Special Land Use Permit Application Checklist

(Incomplete applications will not be accepted)

- Pre-application meeting (A staff signed pre-application form must be submitted with application)
 - Completed application with all applicable information
 - Letter of intent
 - Public Participation Plan
 - Environmental Site Analysis Form
- Complete and detailed site plan of the proposed use prepared, signed and sealed by an architect, landscape architect or engineer licensed in the State of Georgia, showing the following, as relevant:
 - All buildings and structures proposed to be constructed and their location on the property;
 - Height of proposed building(s);
 - Proposed use of each portion of each building;
 - All driveways, parking areas, and loading areas;
 - Location of all trash and garbage disposal facilities;
 - Setback and buffer zones required in the district in which such use is proposed to be located;
 - Landscaping plan for parking areas; and
 - All additional requirements outlined under page 4 (Site Plan Checklist)
 - Written legal description of the property matching the site plan.
 - Building elevations (attached residential & non-residential).
 - Signed and notarized affidavits of all owners. Use attached sheet.
 - Signed and notarized affidavits of all applicants. Use attached sheet.
 - Electronic version of the entirety of your application submittal, saved as a single PDF.

Please respond to the following criteria based on the nature of your request, as required by state law and City of Brookhaven Zoning Ordinance (use additional pages where necessary):

Sec. 27.309 Review and Approval Criteria

The following review and approval criteria shall be used in reviewing and taking action on all special land use permit applications. No application for a special land use permit may be granted by the city council unless satisfactory provisions and arrangements have been made concerning each of the following considerations:

- a. Whether the proposed use is consistent with the comprehensive plan and other adopted policies of the city;
- b. Whether the proposed use complies with the requirements of this zoning ordinance;
- c. Whether public services, public facilities and utilities are adequate to serve the proposed use;
- d. Whether the proposed use will create adverse impact upon any adjoining land use by reason of:
 1. Noise, smoke, odor, dust or vibration generated by the proposed use;
 2. Hours of manner of operation of the proposed use; and
 3. Traffic volumes generated by the proposed use;
- e. Whether the proposed use would result in an over-concentration of the subject use type within the area of the proposed development;
- f. Whether the aesthetic and architectural design of the site is compatible with the intent and requirements of the comprehensive plan, the character area study, and all applicable zoning ordinance regulations; and
- g. Whether the proposed use is compatible with adjacent properties and land uses, based on consideration of the size, scale and massing of proposed buildings and the overall site plan.

Concurrent Variances (Chapter 27)

Please describe your situation and **how** your variance request is related to the conditions below:

- 1) The grant of the variance will not be detrimental to the public health, safety or welfare or injurious to property or improvements;
- 2) The variance request is based on conditions that are:
 - a) Unique to the subject property;
 - b) Not generally applicable to other properties in the same zoning district;
 - c) Not the result of the subject property owner's or applicant's actions;
- 3) Because of the particular conditions, shape, size, orientation or topographic conditions, the strict application of the requirements of this zoning ordinance would deprive the property owner of rights and privileges enjoyed by other similarly situated property owners;
- 4) The requested variance does not go beyond the minimum necessary to afford relief, and does not constitute a grant of special privilege inconsistent with the limitations upon other similarly situated properties;
- 5) The literal interpretation and strict application of the applicable provisions or requirements of this zoning ordinance would cause undue hardship or practical difficulty, as distinguished from a mere inconvenience; and;
- 6) The requested variance would be consistent with the spirit and purpose of this zoning ordinance and the comprehensive plan.

The following items may be required:

(Review provided thresholds for applicability)

- Trip Generation Report/Traffic Impact Study
- Development of Regional Impact Review
- Environmental Impact Report
- DeKalb County Department of Watershed Management Capacity Letter

Trip Generation Report/Traffic Impact Study

1. A Trip Generation Report be submitted as a part of zoning applications for all Non-Residential and Mixed Use developments and for Residential Developments with greater than 10 proposed units.
2. A Traffic Impact Study be submitted as part of the zoning application for developments that produce a 100 or more peak hour trips or at the discretion of the Public Works Department based on review of the request at the pre-application meeting.
3. The minimum requirements of the Traffic Impact Study shall be as follows:

Public Participation Plan & Report

General Requirements

The Public Participation Program consists of a two-part process designed to enhance dialogue between applicants and communities which may be impacted by a proposed development.

Part 1 of the process is the Public Participation Plan which is required with all rezoning amendments to the comprehensive plan and/or special land use permit applications. The plan must be filed simultaneously with the application. The minimum standards for the plan are as follows:

- Applicants shall provide a mailing list identifying all property owners within 500-feet of the subject property including the name, street address, and tax parcel identification. *(Staff would suggest also including homeowners' associations, environmentally stressed communities, political jurisdictions, and any other public agencies or organizations which may be affected by an application)*
- Applicants shall provide a copy of the letter to be mailed to affected parties identifying the date, location within the City of Brookhaven, and time of the information meeting to be scheduled no later than the first business day of the month preceding the Planning Commission hearing date.

Part 2 of the Public Participation Program is the Public Participation Report which is required to be submitted to the Community Development Department no later than the last day of the business week of which the information meeting was held. The report shall include the following information/documentation:

- Provide a sign-in sheet of meeting attendees.
- A summary of concerns or issues expressed by interested parties.
- A summary of the applicant's response to concerns and issues expressed.

The requirement for a Public Participation Plan does not give communities decision making powers or force a consensus on issues. Applicants are not obligated to make any concessions or changes based upon input from citizens. Non-attendance at a community information meeting, by those on the mailing list, does not mean that an applicant fails to meet the requirements of the Public Participation Plan.

Environmental Site Analysis

Analyze the impact of the proposed rezoning and provide a written point-by-point response to Points 1 through 3:

1. Conformance to the Comprehensive Plan:

- Describe the proposed project and the existing environmental conditions on the site.
- Describe adjacent properties. Include a site plan that depicts the proposed project.
- Describe how the project conforms to the Comprehensive Land Use Plan.
- Include the portion of the Comprehensive Plan Land Use Map which supports the project's conformity to the Plan.
- Evaluate the proposed project with respect to the land use suggestion of the Comprehensive Plan as well as any pertinent Plan policies.

2. Environmental Impacts of The Proposed Project

For each environmental site feature listed below, indicate the presence or absence of that feature on the property. Describe how the proposed project may encroach or adversely affect an environmental site feature. Information on environmental site features may be obtained from the indicated source(s).

- a. Wetlands
 - U. S. Fish and Wildlife Service, National Wetlands Inventory (<http://wetlands.fws.gov/downloads.htm>)
 - Georgia Geologic Survey (404-656-3214)
 - Field observation and subsequent wetlands delineation/survey if applicable
- b. Floodplain
 - Federal Emergency Management Agency (<http://www.fema.org>)
 - Field observation and verification
- c. Streams/stream buffers
 - Field observation and verification
- d. Slopes exceeding 25 percent over a 10-foot rise in elevation
 - United States Geologic Survey Topographic Quadrangle Map
 - Field observation and verification
- e. Vegetation
 - United States Department of Agriculture, Nature Resource Conservation Service
 - Field observation
- f. Wildlife Species (including fish)
 - United States Fish and Wildlife Service
 - Georgia Department of Natural Services, Wildlife Resources Division, Natural Heritage Program
 - Field observation
- g. Archeological/Historical Sites
 - Historic Resources Survey
 - Georgia Department of Natural Resources, Historic Preservation Division
 - Field observation and verification

3. Project Implementation Measures

Describe how the project implements each of the measures listed below as applicable. Indicate specific implementation measures required to protect environmental site feature(s) that may be impacted.

- a. Protection of environmentally sensitive areas, i.e., floodplain, slopes exceeding 25 percent, river corridors.
- b. Protection of water quality
- c. Minimization of negative impacts on existing infrastructure
- d. Minimization on archeological/historically significant areas

- e. Minimization of negative impacts on environmentally stressed communities where environmentally stressed communities are defined as communities exposed to a minimum of two environmentally adverse conditions resulting from public and private municipal (e.g., solid waste and wastewater treatment facilities, utilities, airports, and railroads) and industrial (e.g., landfills, quarries and manufacturing facilities) uses.
- f. Creation and preservation of green space and open space
- g. Protection of citizens from the negative impacts of noise and lighting
- h. Protection of parks and recreational green space
- i. Minimization of impacts to wildlife habitats

Site Plan Checklist

All items must be included on the Site Plan; separate sheets may be used

- Key and/or legend and site location map with North arrow
- Boundary survey of subject property which includes dimensions along property lines that match the metes and bounds of the property's written legal description and clearly indicates the point of beginning.
- Acreage of subject property
- Location of land lot lines and identification of land lots
- Existing, proposed new dedicated and future reserved rights-of-way of all streets, roads, and railroads adjacent to and on the subject property
- Proposed streets on the subject site
- Current zoning of the subject site and adjoining properties
- Existing buildings with square footages and heights (stories), wells, driveways, fences, cell towers, and any other structures or improvements on the subject property
- Existing buildings' locations and heights (stories), wells, driveways, fences, cell towers, and any other structures or improvement on adjacent properties within 200 feet of the subject property.
- Location of proposed buildings with total square footage
- Layout and minimum lot size of proposed single family residential lots
- Topography on the subject site and adjacent property up to 200 feet as required to assess runoff effects
- Location of overhead and underground electrical and pipeline transmission/conveyance lines
- Required and/or proposed setbacks.
- 100-year flood plain horizontal limits and flood zone designations as shown on survey or FEMA FIRM maps.
- Required landscape strips, undisturbed buffers, and any other natural areas as required or proposed.
- Required and proposed parking spaces; Loading and unloading facilities.
- Lakes, streams, wetlands, and Waters of the State and associated buffers.
- Proposed stormwater management facilities.
- Community wastewater facilities including preliminary areas reserved for septic drain fields and points of access.
- Availability of water system and sanitary sewer system.
- Location of existing trees and trees to be removed, or a statement that there are none, and whether the trees identified are specimen trees. *(A specimen tree is any hardwood (oak, hickories, poplars, etc.) or softwood (pines, evergreens, etc.) tree with a diameter at breast height (DBH) of 30 inches and larger, or a small tree (dogwoods, redbuds, sourwoods, etc.) with a DBH of 10 inches and larger. If no specimen trees exist on the site, note their absence on the plans. If a specimen tree is to be removed, provide a calculation for recompense at 1.5x the diameter.*

Thresholds for Additional Studies, Reports & Forms

Development of Regional Impact

The Department of Community Affairs has formulated development thresholds as listed on the next page. When a development meets or exceeds the thresholds, the Atlanta Regional Commission (ARC) and the Georgia Regional Transportation Authority (GRTA) shall review the project concurrently. Applicants shall first file the rezoning/use permit request with the City of Brookhaven. After the ARC/GRTA findings are completed, the rezoning/use permit request will be placed on the next available appropriate agenda. It is the applicant's responsibility to contact and follow all ARC and GRTA review procedures. For details, contact the ARC at <http://www.dca.ga.gov/DRI> and GRTA at <http://www.grta.org/dri> or at 404-463-3000.

Development of Regional Impact – Tiers and Development Thresholds	
Type of Development	Metropolitan Region
Office	Greater than 400,000 square feet
Commercial	Greater than 300,000 square feet
Wholesale & Distribution	Greater than 500,000 square feet
Hospitals and Health Care	Greater than 300 new beds; or generating more than 375 peak hour vehicle trips per day
Housing	Greater than 400 new lots or units
Industrial	Greater than 500,000 gross square feet; or employing more than 1,600 workers; or covering more than 400 acres
Hotel	Greater than 400 rooms
Mixed Use	Gross square feet greater than 400,000 (with residential units calculated at 1,800 sq. ft. per unit toward the total gross sq. ft.); or covering more
Airports	All new airports, runways and runway extensions
Attractions and Recreational Facilities	Greater than 1,500 parking spaces or a seating capacity of more than 6,000
Post-Secondary Schools	New school with a capacity of more than 2,400 students; or expansion by at least 25% of capacity
Waste Handling Facilities	New facility or expansion of use of existing facility by 50% or more
Quarries, Asphalt and Cement Plants	New facility or expansion of existing facility by 50%
Wastewater Treatment Facilities	New facility or expansion of existing facility by 50%
Petroleum Storage Facilities	Storage greater than 50,000 barrels if within 1,000 feet of any water supply; otherwise storage capacity greater than 200,000 barrels
Water Supply Intakes/Reservoirs	New facilities
Intermodal Terminals	New facilities
Truck Stops	A new facility with more than three diesel fuel pumps; or containing a half acre of truck parking or 10 truck parking spaces
Any other development types not identified above (includes parking facilities)	1,000 parking spaces

Environmental Impact Report

Projects having any appreciable impact on the environment --either on site or in the region-- as a result of this proposed action may be required to submit an Environmental Impact Report detailing the impact as a result of the proposed project, and the attenuation measures (Erosion/Sediment Control Plan, water quality devices, noise & lighting barricades, etc.) proposed.

DeKalb County Department of Watershed Management Capacity Letter

It is recommended that all applicants for land use petitions request a Capacity Letter from the DeKalb County Department of Watershed Management early in the process to ensure that potential issues can be addressed early on. Applicants should provide the following information to the County contact listed below as soon as possible:

1. Gross square footage and/or total number of units proposed
2. Anticipated gallons per day using the following methodology:

Use Type	Gallons per Day (GPD)
Residential	
Single Family Residence	320 GPD/house
Apartment & Condominium	320 GPD/unit
Mobile Home Park	300 GPD/space
Nursing Home	125 GPD/bed plus 25 GPD/employee
Hotel/Motel	100 GPD/room
Non-Residential	
Auditorium/Assembly Hall/Convention Center	10 GPD/person (maximum)
Bar/Tavern ¹	50 GPD/seat plus 25 GPD/employee

Church ²	25 GPD/seat (maximum)
Coin Laundry	Requires letter from owner stating 1) number of machines, 2) estimated number of washes per day per machine, and 3) manufacturers specifications on gallons per wash OR 210 GPD/machine
Convenience Store	100 GPD/1,000 square feet
Daycare Center	
With meals served	17.60 GPD/child
No meals	13.20 GPD/child
Garage	100 GPD/1,000 square feet
Hospital	200 GPD/bed
Manufacturing ¹	Requires letter from owner stating 1) product manufactured, 2) estimated gallons returned to sewer daily, 3) number of employees, and 4) if shower facilities provided. 25 GPD/employee plus gallons of effluent/day returned to sewer

	10 GPD/employee (if shower provided)
Office ¹	175 GPD/1,000 square feet of net leasable space
Office/Warehouse ¹	175 GPD/1,000 square feet of office space plus 25 GPD/1,000 square feet of warehouse space
Restaurant (full service)	If estimated gallons of water returned to sewer daily is known, use gallons of effluent/day returned to sewer, otherwise use: 45 GPD/seat plus 25 GPD/employee plus 10 GPD/seat (if garbage disposal used)
Restaurant (fast food)	22.4 GPD/seat plus 25 GPD/employee
Restaurant (sandwich shop)	16 GPD/seat
Restaurant (deli)	22.4 GPD/seat
Retail ¹	100 GPD/1,000 square feet of retail space
