

ADDENDUM #5

CITY OF BROOKHAVEN INVITATION TO BID #18-103 CAPITAL RESURFACING PROJECT

- Please confirm that the City will allow for the Contractor to “qualify their bid” in regards to nighttime work hours for the Alternate Roads (Ashford Dunwoody Rd, Johnsons Ferry Rd & Clairmont Rd). If we define that our bid is based upon certain nighttime work hours will this be allowed?
Confirmed.
- Since all of the work for the base bid & fdr roads will require lane closures are we to base our bid on only being able to work from 9am to 4pm or will longer work hours be allowed for lane closures on these roads which appear to be neighborhood roads?
The City of Brookhaven work hours are 7:00 AM to 7:00 PM Monday through Friday, 8:00 AM to 5:00 PM on Saturday. Lane closures are from 9:00 AM to 4:00 PM.
- In previous Addendums you have provided clarifications that change the original Bid Documents, sometimes you have redlined and or highlighted these changes in the original bid document and reissued it as part of the addendum and some you have not so the conflict still exists in the bid document. Should we assume that the Addendum answers to the questions takes precedence over the bid document regardless of whether or not you red line and or highlighted the conflict in the reissued bid documents?
The Addendums always take precedence.
