

**ADDENDUM #2**  
**REQUEST FOR PROPOSALS (RFP)**  
**RFP 18-130**

**Design Services**  
**for**

**MT-01 Ashford-Dunwoody/Peachtree Road Intersection Improvement**

1. Your RFP states that 5' sidewalk and a 10' multi-use path is to be added along ADR but it does not indicate where it is to stop. How far do we take it?

**Please refer to the Ashford Dunwoody Corridor Study Visioning Report Page 111 for Project boundary.**

2. What is the northern limit of the project along Ashford Dunwoody Road? **Please refer to the Ashford Dunwoody Corridor Study Visioning Report Page 111 for Project boundary.**
3. Is the southbound right turn lane along Peachtree Road to be installed by PI0015361 or by MT-01? **MT-01**
4. What is the northern limit of the project along Ashford Dunwoody Road?

**Please refer to the Ashford Dunwoody Corridor Study Visioning Report Page 111 for Project boundary.**

5. Is the southbound right turn lane along Peachtree Road to be installed by PI0015361 or by MT-01?

**MT-01**

6. The request for proposals does not state that an approach is required and one is not included in the scoring, but the transmittal letter states that the firm should state an understanding of the work to be done. Is this transmittal letter to be considered an approach and how will it be considered in the scoring? **A brief letter stating you understand our scope of work and also state that your firm can meet the timeline. No scoring for this requirement.**
7. The request for proposals lists several technical questions, but no evaluation of the technical questions is listed in the scoring criteria. How will these technical questions be considered in the scoring? **No scoring, but you must meet the requirements.**
