**Engineering and Design Services, GDOT PI # 0017808**  
**Peachtree Creek Greenway From Briarwood Road To SR 155 – Phase III**

A. The following are questions received and City of Brookhaven responses for the above-referenced solicitation:

1. What level of environmental survey and NEPA was completed for previously designed and constructed segments? If any, can those documents be made available?  
**Nothing was prepared for Phase I. To date, an Ecology Resource Survey Report has been prepared for Phase II. Anything related to the project will be available to the selected Consultant.**
2. Can participation by FBE firms count towards the City's stated 10% DBE goal? Additionally, is the GDOT DBE registry an acceptable list for sourcing DBE/FBE firms?  
**The 10% DBE goal is not a requirement for a design contract. Therefore, it has been removed from this RFQ.**
3. Will the City be acquiring any identified Right of Way and or Easements needed for the project utilizing the consultants Right of Way Plans?  
**Yes.**
