					Don Sherrill 404-637-0682				
COUNCIL DISTRICT	4	POLICY BASIS	Comprehensive Transportation Plan (page 43)	PROJECT STATUS	Planning				
	This project proposes to construct a vehicular flyover bridge over I-85 to provide an additional / alternative route to North Druid Hills Road in accessing the southern part of the City. It would also provide a second vehicular access point to Emory University's Executive Park Campus. In addition to alleviating traffic congestion on North Druids Hills Road and providing redundancy in the road network, it would improve accessibility for emergency vehicles in the southern part of the City. It is anticipated the vehicular flyover bridge would be integrated with any future transit improvements on Buford Highway. This project is for traffic analysis, design and engineering. Once the traffic analysis, design and engineering is complete, a more refined project budget can be determined. Federal ask for this project is \$10,000,000.
