

Dresden Drive Intersection Improvement Analysis

Public Forum Open House

Welcome and thank you for taking time to attend today's Public Forum Open House!

This is the second public forum for the Dresden Drive Intersection Improvement Analysis. The first public forum was held in July 2021 to share initial findings from the team's analysis of existing conditions and traffic operations and gather input about concerns and priorities for improvement. **The purpose of today's Public Forum Open House is to present draft recommendations and get feedback and comments from community members.**

This public forum is being conducted **as an open house**, in compliance with the latest public health guidelines in light of the ongoing COVID-19 pandemic. *Masks and social distancing are strongly encouraged.* Display boards are set up around the room for viewing at your own pace. Please start by signing in at the registration table. Before you leave, make sure to fill out a comment card and return it to the registration table or any project team member.

Public Forum Overview

Display boards are set up around the room, clockwise from the registration table in the following order. You'll find team members and City staff around the room to help answer questions or discuss study materials.

- Study Overview
- Summary of Existing Conditions and Prior Activities
- Draft Recommendations - Dresden Drive at Apple Valley Road
- Draft Recommendations - Dresden Drive at Ellijay Drive / Caldwell Road
- Draft Recommendations - Dresden Drive at Clairmont Road
- Draft Recommendations - Additional Neighborhood Traffic Calming

Providing Feedback and Comments

Please take a few minutes to **fill out a comment card**. You may hand comment cards to any member of the project team or drop them off at the registration table before you leave.

Additional comments and feedback may be submitted to the project team via email (nithin.gomez@greshamsmith.com) until Sunday, October 10, 2021.

Background Information

Based on recommendations from the 2020 Comprehensive Transportation Plan Update, the study is evaluating three intersections on Dresden Drive – Apple Valley Road, Ellijay Drive/Caldwell Road, and Clairmont Road – in order to identify improvements to help serve projected vehicular traffic while providing safe and comfortable facilities for pedestrians, cyclists, and transit users. The primary objectives of the study are to:

- Evaluate existing and forecast future traffic based on known and planned developments in the area
- Evaluate existing conditions, signals, and pedestrian facilities for safety and efficiency
- Recommend intersection improvements for optimal traffic movement
- Provide recommendations for additional or revised traffic calming measures in the neighborhoods north and south of Dresden Drive accessed from the Caldwell Road/Ellijay Drive intersection based on an evaluation of future traffic impacts
