215 Total Locations Requiring DWM Repairs (DWM Work Orders)			169 Known DWM Work Orders Completed, 8/20-Present			25 Locations with Road Plates Covering Needed Repair	
DWM WO	Observed Completion Date	Reported Date	ADDRESS	Street	DESCRIPTION	Road Plate Used	UPDATES
		9/1/2022	1285 Old Johnson Ferry Rd	Old Johnson Ferry Rd	The ADA ramp has been removed for repairs to the water main. GAB was installed but not safety cones or caution tape. The GAB has a washout at the edge with the pavement creating dangerous conditions for pedestrians.		A valve was installed in the ADA ramp area and a ramp was poured back around the water valve. This does not comply with ADA codes, the valve has to be relocated. 11/14/2022
22072287		9/8/2022	1342 Old Johnson Ferry Rd	Old Johnson Ferry Rd	5 sections of the sidewalk have been removed for repairs to the water main. No cones or caution tape was used.		Updated on 1/23/2023. The beauty strip was not repaired. There is concrete on it and a gully has formed undermining the sidewalk and the granite curbs.
		9/15/2022	1348 N Cliff Valley Way		The lid for the water meter # 18-198-12064 has broken creating a dangerous trip hazard.		Inspected on 2/22/2023
		9/21/2022	3217 Mae Ave	Mae Ave	A water leak has been reported via an SR in the middle of the road. We have reported it to DWM. A cold patch was installed and no concrete cap.		inspected on 8/21/23
		9/20/2022	1257 Goodwin Rd	Goodwin Rd	In the intersection of Goodwin and Roxboro, there is a water valve lid missing.		
23012449		2/13/2023	2827 N. Thompson Rd.	N. Thompson Rd.	There is a deep depression forming to the right of the driveway. A previous DWM sanitary sewer repair is sinking in front of the driveway.		
22097416		11/14/2022	1242 Goodwin Rd	Goodwin Rd	A depression in the road has developed. The depression has developed above the sanitary sewer lateral.	X	Inspected on 2/22/2023
22092708 22092740 22093845		10/15/2022	1536 Trentwood Pl	Trentwood Pl	Water main repairs in front of this property were made by DWM. Left to repair is the landscaping, granite curbs and the road.		Updated on 2/10/23
22108893		1/6/2022	3197 Lynwood Dr	Lynwood Dr	A 14-FT by 8-FT trench was made for repairs to the water main and GAB was added to the trench. Recent rain events have washed away the GAB which has been promptly repaired by DWM.		Inspected 3/6/2023

215 Total Locations Requiring DWM Repairs (DWM Work Orders)			169 Known DWM Work Orders Completed, 8/20-Present			25 Locations with Road Plates Covering Needed Repair	
DWM WO	Observed Completion Date	Reported Date	ADDRESS	Street	DESCRIPTION	Road Plate Used	UPDATES
22108893		1/6/2023	3215 Lynwood Dr	Lynwood Dr	A 3-FT by 3-FT trench has been made for repairs to the water main. The trench was filled with GAB.		Inspected 3/6/2023
		1/23/2023	3517 Ashford Dunwoody RD NE	Ashford Dunwoody RD NE	There are various potholes made to uncover water valves near the park. These have not been raised creating dangerous conditions for drivers and cyclists.		
		1/24/2023	1850 Canmont Rd.	Canmont Rd.	The sanitary line in this area of Canmont is failing causing the road to collapse.		Inspected 1/24/23
		3/2/2023	2369 Winding Ln	Winding Ln	A depression is developing from the SS cleanout towards the road.		
23020321		3/2/2023	2573 Skyland Trail	Skyland Trail	3 large sinkholes and a small one have formed above and in front of the water main alongside the frontage of this property.		
23021770		3/9/2023	57 Executive Park South	Executive Park South	A trench made for the water service connection to the new apartment complex on 50 Executive Park South is sinking and the pavement next to it is as well.		
23027989		4/3/2023	1470 N Cliff Valley Way	N Cliff Valley Way	Water is bubbling next to the sidewalk. The water is flowing to a water vault owned by AT&T. AT&T has been notified of a sinkhole forming near their cabinets.		
23028044		4/3/2023	1190 Pine Grove Ave	Pine Grove Ave	A large depression on the asphalt has formed from the edge of the paving to the sanitary sewer manhole.		Inspected on 7/13/2023. No repairs have been completed.
23020683		4/6/2023	3320 Woodrow Way	Woodrow Way	Cuts to the road and shoulder were made for repairs to the sanitary sewer lateral to this property. The trench was repaired with GAB and no road plates have been installed		The paving has been completed. The remaining repairs are for the concrete C&G.
23029792		4/6/2023	2533 Skyland Trl	Skyland Trl	A sinkhole has developed at the edge of the road with the granite curb above the water service line to this property. A safety cone was placed over the depression on the road.

215 Total Locations Requiring DWM Repairs (DWM Work Orders)			169 Known DWM Work Orders Completed, 8/20-Present			25 Locations with Road Plates Covering Needed Repair	
DWM WO	Observed Completion Date	Reported Date	ADDRESS	Street	DESCRIPTION	Road Plate Used	UPDATES
23029788		4/6/2023	3273 Stratfield Dr	Stratfield Dr	A long depression has from 3280 to 3273 above the sanitary sewer main and between two manholes and Lift Station #50		Inspected on 7/13/2023. No repairs have been completed.
		5/4/2023	3653 Brookleigh Ln	Brookleigh Ln	A large sinkhole is forming on the beauty strip at the entrance of Brookleigh Ln on Ashton Woods. The sinkhole is above the mater main.		
		5/16/2023	4006 E Brookhaven Dr	E Brookhaven Dr	A four-foot by two feet wide sinkhole has formed in front of this property DW. A safety Barrel has been installed over the sinkhole.		Inspected on 7/13/2023. No repairs have been completed.
		5/17/2023	3241 Woodrow Way	Woodrow Way	Repairs to the water main were made and 3 sections of the sidewalk were removed. 3 additional sections of the sidewalk were damaged during the repairs. While GAB was added, no safety cones were installed.		The sidewalk has been repaired. The forms have not been removed. Inspected on 7/13/2023
23043296		5/31/2023	3174 Cates Ave	Cates Ave	A depression has been forming for the last 3 years above the sanitary sewer main in front of this property. It has become dangerous for pedestrians and cyclists while using the street.		
23404374		6/6/2023	1271 Star Dr	Star Dr	A 6 feet long by 4 feet wide sinkhole has formed on the street above this property's sanitary sewer service line. The sinkhole is approximately 4 feet deep and the City has installed two safety barrels Over 3 months ago, a sinkhole formed over the sanitary sewer lateral from this property to the main. The first response from DWM indicated that no problems were found with the SS main. However, this is an SS lateral issue. Please, send a crew that can CCTV the SS lateral and provide us with the results of the inspection. Ultimately, the City of Brookhaven will fill the sinkhole with concrete if no response is received from DWM..

215 Total Locations Requiring DWM Repairs (DWM Work Orders)			169 Known DWM Work Orders Completed, 8/20-Present			25 Locations with Road Plates Covering Needed Repair	
DWM WO	Observed Completion Date	Reported Date	ADDRESS	Street	DESCRIPTION	Road Plate Used	UPDATES
23048398		6/20/2023	2577 Ashford Rd	Ashford Rd	Repairs to the water service lateral to this property have been completed once before on the shoulder of the street. Now a large depression has formed in the street in line with the previous repairs. The depression is 4 feet wide by 6 feet long and 4 inches deep. Please, treat this as an emergency and send a crew asap.		
		6/20/2023	3262 Woodrow Way	Woodrow Way	A depression has been forming at the intersection of Breton Circle and Woodrow Way. The City of Brookhaven has twice in the past, added pavement level with the street, and has continued to drop. Depression is occurring near the sanitary sewer main.		inspected on 8/21/23
		6/21/2023	3968 Ashford Dunwoody Rd	Ashford Dunwoody Rd	Scheduled work for the installation of a new water service line which resulted in an open cut in the middle of the street, and the removal of a section of sidewalk. A road plate has been installed.	X	The street is to be repaired by A&S Paving. No schedule has yet been provided.
23051082		7/3/2023	2835 Duncan Dr	Duncan Dr	A sinkhole has formed over the SS service line to this property. The sinkhole was filled with GAB by the City of Brookhaven PW. And is pending action by DWM.		
23059186		8/8/2023	1217 Kendrick Rd	Kendrick Rd	During the recent storm events, a large depression/sinkhole has formed above the sanitary sewer main. It is 6 feet long by 3 feet wide and continues to grow. A few feet from the depression, a crack in the street from curb to curb has formed. It continues to the shoulder at 1220 Kendrick Rd where another sinkhole is forming.		
23061312		8/16/2023	1701 Dresden Dr	Dresden Dr	There is a sinkhole developing behind the granite curb and inline with the water service lateral to this property. The sinkhole continues underneath the roadway towards the center of the street. Please, send a crew to investigate whether this is related to the water or sanitary sewer laterals.		
		8/22/2023	3206 Osborne Rd	Osborne Rd	A depression above the water main has been observed. There are 3 valve covers that have sunk with the street and need to be raised once the street is repaired		
23063796		8/25/2023	1000 Byrnwyck Rd	Byrnwyck Rd	A water leak has developed behind and underneath the concrete C&G.		
		8/30/2023	3856 Parkcrest Dr	Parkcrest Dr	Recently, DWM completed repairs on a water service line at this address. The trench was filled with GAB instead of placing a road plate as it is required by Dekalb County and the City of Brookhaven Trench standards. This section of Parkcrest is on a steep slope and recent rain events have created a 4-foot deep by 6-foot long sinkhole at the edge of the pavement. Please, treat this as an emergency and send a crew to install a road plate over the trench today.
